

TURKISH ARMS
SUFFER DEFEATBulgarians Take Kirk-Kilisseh
After Three Days' Battle.

GREAT SACRIFICE OF LIFE

Ottoman Troops Are Retiring, a Rear Guard Action Resulting in Heavy Losses—Unofficial Estimate Places Bulgarian Casualties at Three Thousand—No Figures Regarding Turkish Losses Are Available.

Sofia, Oct. 25.—Kirk-Kilisseh was captured by the Bulgarians, the result of a three days' battle. The Turks retreated, fighting a rear guard action and losing heavily.

Details of the fall of the Turkish stronghold still are meager. An unofficial estimate puts the Bulgarian losses at 3,000.

The fighting has been continuous since Tuesday. The Bulgarians made a steady advance throughout the operations, but at a great sacrifice of life.

On Tuesday the first army, under General Ivanoff, attacked the outer works of Adrianople in two large bodies. The northern detachment marched along both sides of the river Tundja, the right wing to the west of Vavara, the center to the east of Tundja and the left wing advancing from the northeast along the road from Kirk-Kilisseh to Adrianople.

In the west another division simultaneously attacked the Turkish lines on the heights of Chatalja, four miles west of the city. Another strong Bulgarian column attacked the Turkish positions in the vilayet of the Arda river and then rolled the whole Turkish position up.

The Bulgarians crossed the sand banks of Arda, fifteen miles southwest of Adrianople, and advancing surprised the Turks, who retreated to that city, leaving 100 dead and 160 prisoners.

Turks Make Counter Attack.

Fighting was resumed all along the line at dawn on Wednesday. The northern columns captured several advanced Turkish posts at the point of the bayonet and pressed on towards Adrianople. The Turks delivered a counter attack towards the northeast in the direction of Arnautkoul. Although well supported by artillery they were repulsed and in the retreat swept away the men from other advanced posts.

In the face of a heavy fire from the Turkish batteries the Bulgarians followed the retreating Turks, whose losses were enormous, owing to the well placed Bulgarian quick fire.

General Dimitrieff then ordered an advance. The eastern army was then massed to the east and west of the road from Tirnovo to Kirk-Kilisseh and the battle opened on this side. The Bulgarians opened with artillery fire by night, having carefully placed their guns in position beforehand and, covered by a heavy cannonade, the infantry pushed the attack from the two sides. They found the Turks in a state of panic, owing to the night shelling and carried the forts at the point of the bayonet.

An attack then commenced all along the Turkish northern front, resulting in the capture of the fortress.

If, as is generally assumed, Abdul Pasha is still engaged in bringing up his main army to Adrianople the position of that town is critical.

TURKS EXPLAIN THE DEFEAT

Fall of Kirk-Kilisseh Merely Unsuccessful Offensive Move.

Constantinople, Oct. 25.—A Turkish defeat east of Tundja, in the Kirk-Kilisseh district, is now admitted here. An attempt is made, however, to minimize its importance by representing it as an unsuccessful Turkish offensive movement, which owed its failure to the detachment having encountered the main body of the Bulgarian army.

The Bulgarians apparently left a covering force in front of Adrianople and attempted to work to the rear to menace the communications with Constantinople. An advance Turkish column, commanded by Mahmoud Mukhtar Pasha, son of the grand vizier, attempted a surprise attack, but as the enemy was infinitely superior in strength the attack was not pushed home, and the Turkish troops retired in good order to positions further south.

SERVIANS CLAIM VICTORIES

Reports Announce Capture of Kumanova and Other Cities.

Belgrade, Oct. 25.—Official announcement was made here that the Serbian forces have occupied Novi pazar, Pristina, Kumanova, Kratovo and Kotschana.

Detachments of the Serbian army entered Kumanova after annihilating the Turkish batteries.

The fighting around that town lasted three days.

Executes Murderer.

Lake City, Oct. 25.—A firing squad executed Thomas Riley at the state prison here. Riley was the second man to die for the murder of George Fassel, a grocer. With Harry Thorne, executed last month, he held up Fassel's store and murdered the proprietor.

MINNEAPOLIS BANDIT SHOT

Pleads That His Parents Be Kept Ignorant of His Crime.

Dillon, Mont., Oct. 25.—Sheriff Otto Gosman shot and fatally wounded a highwayman who gave his name as Potter Stanton of Minneapolis, where the dying bandit said his folks reside. Stanton's confederate shot down Charles Martin, a railway officer. Gosman shot as he had his hands elevated at the command of the two robbers, who a short time before had held up John Schaffer, robbing him of \$20 in cash and a number of gold nuggets.

Stanton's only concern was that his parents in Minneapolis be not apprised of his crime. On him was found the plunder taken from Schaffer.

PROGRESSIVE FUND
REACHES \$304,244Treasurer Hooker Files Report
Up to Oct. 17.

New York, Oct. 25.—The Progressive party received contributions for its campaign fund up to Oct. 17 of \$304,244, spent \$392,341 and had unpaid bills and contract obligations for \$41,341 more, according to the official statement of receipts and expenditures sent to the clerk of the house at Washington by Treasurer E. H. Hooker of the Progressive national committee.

Frank A. Munsey, who gave \$70,000; George W. Perkins, who gave \$45,000, and W. Emlen Roosevelt, who gave \$31,100, appeared as the leading individual contributors. The balance came from nearly 7,000 individuals whose gifts ranged from the \$15,000 given by Douglas Robinson, Colonel Roosevelt's brother-in-law, to two anonymous contributions of 10 cents each.

The statement by Mr. Hooker, filed in compliance with the campaign publicity law requiring a publication of financial affairs ten days before the election, is the first complete statement to come from any of the three principal parties. It embraces all receipts and disbursements from July 1, marking the first activities of the Progressive party, up to Oct. 17.

FINDS BROWNS ARE INSANE

Jury Thinks Slaying of Wife's Father
Are Dangerous at Large.

Celina, Wash., Oct. 25.—"Not guilty by reason of insanity," was the verdict returned by the jury in the case of Mr. and Mrs. Wesley Brown, charged with the murder of Al Neeves, Mrs. Brown's father. "The jury find that there is danger of a recurrence and it is dangerous for the parties to be at large," the verdict added. Counsel for the defense filed objections to the verdict on the ground that it was unconstitutional.

Neeves was killed by Brown and his wife Sept. 15 at a ranch near here. Mrs. Brown told a terrible story of her relations with her father.

At the time of abduction Bitter had a wife and two children living at Madison.

Missionary Dies at Age of 102.

Meriden, Conn., Oct. 25.—Captain William H. Davidson, for many years a foreign missionary of the Adventist church, died here. Had he lived until Nov. 26 he would have been 102 years old. He became a missionary when sixteen years old and labored among savage people in various parts of the world. He served in the American Civil war.

TAFT TO PUSH
ARBITRATIONBelieved He Will Urge Treaties
at Short Session.

LITTLE CHANCE FOR PASSAGE

Senate More Opposed to Them Now Than Before—Peace Movement Has a Rocky Road—Roosevelt's Philosophical View of Danger to His Life. Possible Senate Shakeup.

By ARTHUR W. DUNN.

Washington, Oct. 25.—[Special.]—Somewhere I have seen it announced that President Taft intends to push the arbitration treaties during the coming session of congress or seek a method to enlarge the scope of arbitration. The treaties will not be as strong in the senate this winter as last because the developments since that time have made arbitration less desirable.

Had the canal legislation, with its provisions for free American ships, preceded consideration of the arbitration treaties it is doubtful whether they could have passed even in their amended form. Already we are getting ready to balk at taking the question of canal tolls and interpretation of the Hay-Pauncefote treaty to the Hague although it is claimed by foreign governments that these questions are arbitrable under the present blanket treaties.

At a Low Ebb.

When we observe that after years of effort in the direction of arbitration there has been war between Italy and Turkey and now the Balkan states are again at it looks as if arbitration was at a low ebb. Turkey had asked to have all the pending questions submitted to the Hague tribunal rather than to arms, but neither Italy nor the Balkan states would arbitrate. The fact is that no country will arbitrate when it sees the case likely to go against it, nor will it consent to submit vital questions to arbitration.

Turkey would like to arbitrate, for it could carry the disputes along interminably, like everything in diplomacy, and aggrieved people will not submit to such delays.

It is interesting to observe that since the organization of The Hague tribunal there have been many wars. Russia, which proposed the scheme, has been at war, and all the great powers which are parties to the agreement for arbitration have been preparing more industriously for war than ever before.

Annual Report Time.

Every man with any kind of a title in the government service is busy these days preparing his annual report. Reams of paper and much printing are required so that every fellow can give a long and uninteresting account of the transactions of the fifth assistant auditor's office and of the chief of several hundred divisions and bureaus. Finally these will all be compiled under a heading "messages and documents" and will weight down some old Washington building until they decay. But all this furnishes employment for printers in the government printing office during the dull season.

Roosevelt's Bodyguard.

From the time he became president Roosevelt has always had a bodyguard who has been active in public affairs. Of course in Africa and when he was leading a quiet life there was no guard, but when he entered the present campaign he had somebody on the lookout for him. And yet he did not have much confidence in such a guard.

"If a man wants to kill me and sacrifice his own life in the attempt," he once said to me, "he can do it. But the fellow who tries to kill me and gets away with it will have to be quicker than I am."

And yet he knew all the time that the fellow who was willing to make the sacrifice of his own life could get near enough to kill him.

"Missouri Going Home."

"Missouri is going home," I read in a paper and upon investigation found that it meant that Missouri, after voting in two presidential elections for Republicans, would return to Democracy and give Governor Wilson 60,000 majority and elect every Democratic congressman with the exception of Dick Bartholdt. Nobody could beat Bartholdt in the district they have carved out for him in St. Louis.

What New Democrats Will Find.

When a lot of new Democrats break into congress after the coming election they will find all the good places preempted and nailed down. That was what most of the new men in the present congress found, although they had taken the precaution to remove the selection of committees from the hands of the speaker and give the work to the house. It worked out just the same. The old time members, the men with seniority of service, got the best places. That is what they will do in the next congress. Some will move up a few pegs, but the waste places will be for the new men.

Senate May Change.

For years seniority alone counted in naming senate committees, but there are rumors that many of the new men will make an effort to break that rule when the senate convenes next March. There is a possible progressive fight about committee places, and some of the old men may receive a surprise.

The Talipot Palm.

The leaf of the Ceylon talipot palm, which grows to 100 feet in height, is so wide that it will cover twenty men.

MRS. DANIEL E. SICKLES.

Estranged Wife Once More
Saves General's Property.

AGAIN SAVES HIS PROPERTY

General Sickles' Estranged Wife Once More to the Rescue.

New York, Oct. 25.—A plea against a sale of the personal effects of General Daniel E. Sickles, the aged war veteran who formerly was ambassador to Spain, was made by his estranged wife to Sheriff Harburger, who agreed to a postponement of the threatened sale when Mrs. Sickles promised to pay the money necessary to satisfy a new judgment against her husband.

This is the second time within a few weeks that Mrs. Sickles has come to the veteran's aid. On the other occasion she pawned jewelry that was her property when a belle in the court of Spain, when General Sickles knew her there. This action led to a report that the couple would be reconciled, but although Mrs. Sickles paid the judgment their social relations remained as before, each in a statement declaring their reunion was impossible.

ROOSEVELT REFUSES
TO REMAIN IN BEDFinds, However, He Lacks His
Usual Strength.

Oyster Bay, N. Y., Oct. 25.—Colonel Roosevelt was up and fully dressed, walking unassisted about the house. It was the first time since he was shot that he had been out of bed long at a time, but he felt so much better after two days at home that he refused to stay upstairs in his room another day. The colonel was so much better that the physicians, who have been coming from New York to care for his wound, thought it unnecessary to make the trip. Dr. Scurry L. Terrell, the colonel's personal physician, and Dr. George W. Fuller of Oyster Bay spent a few minutes with their patient and found that his condition was improving steadily. The most marked change was his increased strength and vitality. He spent most of the day in his library, but attempted little work. In spite of his improved condition he found that he was far from having his usual strength.

ATE BERRIES; TWO ARE DEAD

Third Child in North Dakota Family
in Critical Condition.

Minot, N. D., Oct. 25.—Two children are dead and a third may die as the result of eating poisonous berries picked near their home.

The dead children are the five-year-old son and the three-year-old daughter of Mr. and Mrs. John Stippe, living near Des Moines. A third child, aged two years, is still in a critical condition.

Medical aid was not sought until after the first child had died. The parents did not consider their condition serious until the children took convulsions after complaining of headache.

FIRE IN MICHIGAN PRISON

Supposed Incendiary Blaze Destroys
Binder Twine Warehouse.

Jackson, Mich., Oct. 25.—Fire destroyed the binder twine warehouse inside the walls of the state prison here. The building contained more than 500 tons of sisal stock and as the state carries no insurance the loss will be heavy. The blaze is thought to have been of incendiary origin.

The prisoners were locked in their cells when the flames broke out and made no demonstration.

Chicago, Oct. 25.—Fearing that his relatives would hear of his disgrace Karl Karden von Knobelsdorf, who says he is a German count, tried to commit suicide in the county jail, where he is held on a charge of obtaining money under false pretenses.

With strips of blanket tied to the top of his cell and around his neck he would be suicide was about to leap from the bed when a jail guard saw him.

BOMB LETTERS IDENTIFIED

Correspondence Between McNamara
and Labor Officials Recognized.

Indianapolis, Oct. 25.—Mrs. Grace Caylor Wallis, former stenographer for John J. McNamara, identified at the "dynamite conspiracy" trial many letters received at and sent from the International Association of Bridge and Structural Iron Workers' headquarters just before McNamara's arrest on April 22, 1911.

The letters were between McNamara and various officials of the union who now are on trial. Mrs. Wallis denied that J. B. McNamara, who blew up the Los Angeles Times building, frequently was about the headquarters. She said she had seen him only twice after he was being searched for. The witness also denied that any nitroglycerin cans or packages of dynamite were kept about the office.

CASH MANY STOLEN CHECKS

Minneapolis Thieves Make Haul of
About \$2,000.

Minneapolis, Oct. 25.—Half an hour after an unidentified man robbed a \$50 line messenger boy of 173 pay checks, valued at about \$8,000, twenty of the checks were cashed for about \$2,000 on Minneapolis merchants. The alleged thief, who is believed to have a confederate, then dropped out of sight. Both men cashed stolen checks. The police are looking for them.

The messenger boy, Oscar Christensen, sixteen years old, was robbed in a crowd. The thief ran up to the boy and urged him to give up the bundle of checks, asserting "they had not yet been O. K'd." The boy yielded the bundle, only to find subsequently that the man was not in the employ of the \$50 line.

HOKE SMITH VISITS WILSON

Governor Absent From Meeting to
Avoid Making Speech.

Princeton, N. J., Oct. 25.—Governor Woodrow Wilson had as his guest Senator Hoke Smith of Georgia, who made a speech in Alexander hall before the students of Princeton university. The governor was eager to hear Senator Smith and was greatly tempted to attend the meeting, but feared his presence in the audience might force a speech and he might find himself violating his intention of keeping off the stump until Colonel Roosevelt has resumed campaigning.

TAFT ENDS HIS VACATION

Starts Back to Washington and Expects
Busy Winter.

Poland Springs, Me., Oct. 25.—After a vacation of nearly two months President Taft starts back to Washington to take up the labors of what he expects will prove a busy winter. His plans for the return trip were changed and instead of taking a motor ride of 175 miles from Poland Springs to Boston over slippery, muddy roads, he will board his private car at Danville Junction, five miles away, and start his journey southward.

The president is not due in Washington until Sunday morning, for he has a speaking engagement Saturday in Cambridge Springs, Pa.

Finds Lieutenant Becker Guilty
of First Degree Murder.

WILL BE SENTENCED OCT. 31

New Yorker Receives the Verdict Calmly and His Counsel Announces an Immediate Appeal Will Be Taken Prisoner's Wife Faints When Finding of the Jury Is Announced—Defendant Was Accused of Plotting Murder of Gambler Rosenthal.

New York, Oct. 25.—Police Lieutenant Charles Becker was found guilty of murder in the first degree by the jury which has been trying him for instigating the death of Herman Rosenthal, the gambler.

The verdict read: "Murder in the first degree."

Becker was remanded for sentence to the Tombs by Justice Goff until October 30.

Mrs. Becker, sitting outside the door of the courtroom, fell in a swoon when the verdict was announced.

Becker did not flinch when he heard the verdict pronounced by Harold B. Skinner, foreman of the jury.

John F. McIntyre, Becker's chief counsel, announced that he would take an immediate appeal.

The twelve jurors, with solemn faces and measured steps, filed into the courtroom. A minute later the defendant was brought in from the Tombs. Justice Goff had not yet entered the room and for a moment Becker took a side seat.

As he walked he scanned with anxious eyes the faces of the jurors, but none of them returned his gaze. A tense silence prevailed.

Clerk Questions the Jury.

Justice Goff entered the courtroom and, bowing low to counsel, took his seat. The jury roll was called. The clerk then asked the jurors if they had reached a verdict.

"We have," announced Foreman Skinner.

The jury rose to its feet.

"We find the defendant guilty, as charged in the indictment," Mr. Skinner said, slowly and evenly, looking squarely at Justice Goff.

"Did you find the defendant guilty of murder in the first degree, as charged in the indictment?" asked the clerk.

"We do," the foreman replied.

The court then directed that the roll of the jurors be called for their individual verdicts. As he repeated the question, "Do you find the defendant guilty of murder in the first degree, as charged?" each juror answered "I do."

Becker stood at the bar with squared shoulders, head erect. Not a muscle moved in his face, but he swallowed hard. That was all.

When the last juror had answered Justice Goff instructed the clerk to take the defendant's pedigree. Becker answered the questions in a low, firm voice. A court officer brought the questions to him, written on a slip of paper and as the prisoner read them to himself he replied:

Becker Answers Questions.

"Forty-two years old; American citizen; born in Germany; lieutenant of police; married; Protestant; mother living; habits temperate; never convicted before."

When Becker's voice died away Mr. McIntyre, who had covered his face with his hands as the verdict was given, rose and asked that all further proceedings be deferred for one week, "until I can prepare the proper motions for appeal."

"I will defer sentence," announced Justice Goff, "until Oct. 30 and remand the prisoner until that date."

Justice Goff spoke in the same low tone of voice, almost a whisper, that had characterized his utterances during the trial.

Becker gave a fleeting glance at the judge and rested his eyes for a moment on the jury. Then he turned and, followed by a jail warden, walked with unflinching, rapid step up the aisle of the courtroom and disappeared through the door leading over the "Bridge of Sighs" to the Tombs.

"There is not the slightest doubt that there will be a reversal of this verdict in a higher court," said Mr. McIntyre after the jury had filed out. "I cannot and will not say anything more," he added.

"The verdict speaks for itself," was the only comment of District Attorney Whitman.

BEHAN ARRESTED

Man Shot by Posse at Puposky Ar-
raigned for Carrying Con-
cealed Weapons in Superior

Superior Telegram—Martin Behan,
who gained notoriety as a member
of the gang that attempted the
robbery of the postoffice at Puposky,
Minn., and who later testified as a
witness against Mayor Dumas of
Cass Lake at Brainerd, was arrested
by the local police last night.

Behan was arrested as a suspicious
character. When searched at police
headquarters a revolver was found on
his person. He was arraigned in the
municipal court this morning and
fined \$10 and costs for carrying con-
cealed weapons. The gun was con-
fiscated by Chief of Police McKinnon.
"I heard there was a strike in Su-
perior, and took the gun with me to
protect myself," said Behan in ex-
plaining the fact that he had the
weapon on his person. After pay-
ing the fine, Behan was ordered out
of the city by Chief McKinnon.

The man was arrested by Detec-
tive McDonald and Galvin, and Pat-
rolman Peterson, shortly after nine
o'clock Wednesday evening near the
Arthur hotel on Third street.

"CONSIGNED TO WASTE BASKET"

Attorney Barron's Protest is so Treated by Water & Light Board at Meeting

ROUTINE BILLS ARE ALLOWED

Mazda Lamps Soon to be Reduced in Price—Other Proceedings of the Board

President Dunn and Commissioner Taylor attended the regular monthly meeting of the water and light board. "The communication referred to the board by the city council in which Atty. W. W. Barron protests against a letter sent to the city council by the water and light board," was on motion, as stated in the official record of the minutes, "consigned to the waste basket."

A number of routine bills were allowed and ordered paid, with the exception of the payroll of the electric light employees. The board will meet at the end of the month to allow these.

A resolution from the city council authorized a water main improvements the board had requested made.

Leases in duplicate for the right of way of the electric light pole line through blocks 69, 71 and 73 were received from the city council properly signed and the secretary was instructed to submit them to the railway company.

The city treasurer submitted a letter from the Wells & Dickey company calling attention to the semi-annual interest due on the waterworks bonds November 1. On motion a city order was ordered drawn for the amount.

A letter from the Hollister Electric company regarding the payment of two 200 kilowatt transformers recently purchased was ordered filed. The regular monthly requisition for supplies was allowed. The members of the board were voted their salaries. The letter of H. C. Johnson asking for the return of his \$50 deposit made a year ago guaranteeing that the Brainerd Milling Co. would use a certain amount of current annually was laid on the table to be taken up at the next meeting.

On November 1st the price of

Mazda lamps is to be materially reduced. The secretary was instructed to have the arc light circuits inspected every evening to avoid interruption of service.

Owens-Bruhn

Mr. William Gilbert Owens and Miss Kate Thora Johanna Bruhn, daughter of Mr. and Mrs. C. Bruhn, were married at the bride's home last evening, Rev. G. Phil Sheridan of the First Congregational church officiating.

The bride was attended by her youngest sister, Miss Rose Bruhn. Mr. C. J. Oswald attended the groom. After the service, dinner was served to the immediate relatives and friends of the newly weds.

The groom is a machinist at the Northern Pacific shops, having learned his trade in his own town, Sedalia, Mo. He came to Brainerd a few months ago and is well liked by the boys at the shops.

The bride is well known in Brainerd, being the daughter of Mr. and Mrs. C. Bruhn who have been residents of Brainerd for a number of years. Mr. and Mrs. Owens will go to housekeeping immediately and will reside on South Sixth street. The Dispatch unites with all friends and relatives in extending best wishes to the couple.

ORDERED COFFINS, WIFE NOT DEAD

E. J. Phillips Visits Two Undertakers and Orders Each to Bury His Wife

MRS. PHILLIPS DENIES DEATH

Meets D. M. Clark's Astounded Embalmer in Doorway of Her Home When He Calls

How would you feel if your husband ran around Brainerd, shedding big tears and telling a wonderful tale of a runaway and your untimely death and then ordered two coffins to bury you in when you were alive?

That is what happened to Mrs. E. J. Phillips yesterday. Phillips resides on a five acre tract in Holland's First addition to Brainerd. At five o'clock Thursday afternoon he came to the Dispatch office and with tears streaming down his nose told the reporter that his wife had died.

Then he minutely described the awful accident, how his horse bolted at some moving object in the road near Zakariassen's farm and how the poor woman was pitched headlong out of the buggy, striking a rock in the road.

He said he called a local physician, but that his wife passed away before the doctor arrived. The cause of death, he said, was concussion of the brain.

"I must have the death in the weekly paper because the funeral will be on Saturday afternoon," said Mr. Phillips between sobs. "I have made the necessary funeral arrangements and the services will be held at the Methodist church at two o'clock in the afternoon."

Rumors had been heard all day in Brainerd about the runaway and the fatal accident and the story from the lips of the husband certainly appeared to substantiate it. True, there was some liquor in his breath, but that was put down presumably to drown his sorrow.

Between showers of tears Phillips visited McNamara's undertaking parlors and repeated his sorrowful story and picked out a casket and ordered a certain one trimmed up. He said he would go out to raise the money for the coffin.

"Has the coroner been notified?" asked Mr. McNamara.

"Oh, yes, I told him half an hour ago," said Mr. Phillips.

Mr. McNamara thought the incident rather peculiar, for less than half an hour before he had seen D. C. Whitney, the deputy coroner and he had not said a word about the violent death.

From McNamara's Phillips wended his way of sorrow and gloom to D. M. Clark's and told Weber, the sympathetic undertaker, how his wife fell out of the buggy, struck her head on the rock and died. Weber took the story on trust and drove out to the farm to verify things.

When he got to the place he was astounded to meet Mrs. Phillips in the doorway.

After ordering coffins Phillips proceeded to invest in crepe and got a prominent business man to accompany him to a store and placed an order for the badge of mourning.

Sam Parker it is said, was stung for \$2 which were to be used for telegrams.

Having started a big wave of genuine sympathy Phillips proceeded to hypothesize it and commencing borrowing money and fishing for drinks on the strength of the death which had occurred in his fertile imagination.

He told the story so many times

that he actually hypnotized himself into believing it. He struck the Dispatch office and had to tell the story three times and every time he recorded the accident with unflinching precision.

He swore it was true on the strength of his Grand Army button. Sympathy is expressed for Mrs. Phillips that her husband has made her the victim of a story for which she is not to blame. Those deluded by Phillips have the suggestion to make that he leave liquor alone in the future or be examined as to his sanity to prevent a repetition of such disgraceful actions.

Antoine Deloria, postmaster at Garden, Mich., knows the exact facts when he speaks of the curative value of Foley Kidney Pills. He says: "From my own experience I recommend Foley Kidney Pills, as a great remedy for kidney trouble. My father was cured of kidney disease and a good many of my neighbors were cured by Foley Kidney Pills." For sale by H. P. Dunn. Adv.

FOOTBALL SATURDAY

Brainerd High Plays the Little Falls High School Football Eleven on Saturday

Today Coach Callan's high school football team will put in their last practice for the hardest game of the season against their old rivals Little Falls at the Koering grounds tomorrow.

St. Cloud has beaten our boys every year except in 1908 and last Saturday administered their annual defeat once more; however with Little Falls it is different, only once in many years has a Little Falls team defeated our school eleven. This year they are coming to wipe out the memory of those past defeats and they feel confident that they can turn the trick with their veteran eleven.

Capt. Day and his men have been practicing faithfully all week and a much faster and more machine-like game will be played this Saturday than was exhibited against St. Cloud last Saturday. The weather man promises ideal weather for the big game and the largest crowd of the season is sure to be on hand. The game will begin at three o'clock sharp.

SYRUP OF FIGS IS BEST FOR A CHILD

If its little tongue is coated, breath feverish, stomach sour and bowels clogged

Every mother immediately realizes after giving her child delicious Syrup of Figs that this is the ideal laxative and physic for the children. Nothing else regulates the little one's stomach, liver and 30 feet of tender bowels so promptly besides they dearly love its delightful fig taste.

If your child isn't feeling well; resting nicely; eating regularly and acting naturally it is a sure sign that its little insides need a gentle, thorough cleansing at once.

When cross, irritable, feverish, stomach sour, breath bad or your little one has stomach-ache, diarrhoea, sore throat, full of cold, tongue coated; give a teaspoonful of Syrup of Figs and in a few hours all the foul, constipated, clogged up waste, undigested food and sour bile will gently move on and out of its little bowels without nausea, griping or weakness, and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatics, it cannot be harmful.

Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed—a little given today will save a sick child tomorrow. Full directions for children of all ages and grown-ups plainly printed on the package.

Ask your druggist for the full name "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.—Adv.

To the Ladies of Brainerd I am now in your city taking orders for Spirella corsets, and will ask you to hold orders for me as I will call upon you just as soon as I can. If you are in a hurry drop me a card. Adv. 119-6t M. M. STRICKLING.

A Freak of Nature. A tree that is a freak of nature is the Asiatic star tree. It grows sixty to eighty feet tall, and for a height of about forty feet the trunk is wholly bare. From that point there spring a number of tangled limbs, which shoot out clusters of long pointed leaves, and these, grouped together, emit at night a phosphorescent light.

U. A. Smith, Bridgeton, Ind., had kidney trouble for years, and was so crippled with rheumatism he could not dress without help. He started using Foley Kidney Pills, and says: "I began to get better at once, and now all my trouble has left me and I do not feel that I ever had rheumatism. I rest well all night and tho' 59 years old, can now do the work of a man of 35 years. I would like to be the means of others getting benefit from Foley Kidney Pills. Refuse substitutes. Cure For Loss of Memory.
There is a cheap cure for the sudden lapse of memory. You have but to take three deep breaths and the memory returns. The late Canon Fleming put the cure to good purpose. He came up from Bath to Camberwell to preach. At Paddington he injured his wrist. Next day he walked from Paddington to the church. Sick with pain when he stood up in the pulpit and the hymn was being sung, he had forgotten the text and his sermon. He stood in agony until he remembered the cure, of which he had once heard. He took the three deep breaths, and the memory returned. The moral is, breathe freely.—London Chronicle.

A Test For Eyesight.
An interesting test for eyesight may be had by observing Ursa Major—the Great Bear—on a clear starlit night. Not every one is aware that Mizar, the second star in the constellation, is a double star. To observe this doublet demands good vision. Some stargazers might look up to the sky and see if you can rest content in the knowledge that your eyesight is not defective.

PATIENT, HARD WORK.
Genius is genius. But unless it goes in double harness with hard work it seldom gets anywhere. Dickens remarked once at the height of his fame, "My imagination would never have served me as it has but for the habit of patient, daily, toiling, drudging attention."

The Musk Ox.
The musk ox is an arctic animal, occurring both in Greenland and in North America. In pleistocene times it occurred in England and central Europe. It is about the size of one of our smaller breeds of ox, but in habits and in the fact that most of its muzzle is hairy more like a sheep than a bovine. Its hair is very long, thick and matted. The horns in the young are small, upright and far apart, but in the adult they become very broad at the base and meet in the middle and take a curve downward and outward, while the ends curve again upward to a point. It owes its name to its strong musklike odor.

PAPE'S DIAPEPSIN
ENDS INDIGESTION

Time it! No sick, Sour, Gassy Stomach, Heartburn or Dyspepsia in Five Minutes

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; it's harmless; it's certain unfailing action in regulating sick, sour, gassy stomachs. It's millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat anything which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. It's promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—Advt.

OUR NATION.

A nation is not a conglomeration of voters to be represented by hungry politicians empowered to partition the spoils of office, but a people animated by a common impulse and seeking to work out a common destiny. The destiny of America is mutual service. Labor is the cornerstone of our nationality—the labor of each for all.—Emerson.

Paradoxical.
Brown—Walking down this steep hill is pretty trying, isn't it? Green—It is, indeed; it is regular uphill work.

She Was Left.

Miss Oldham awoke in the middle of the night and found a burglar ransacking her trunk. "I had no intention of taking you."

If You Want to Call This Coat Hudson Seal—You May.

We call it Seal dyed Muskrat

That's because we call furs by the same names when they are coats and lined with silk as when they were animals and not lined at all!

There are a lot of people who like to know what they are buying.

If you are one of them—see that your furs this winter bear the Gordon label—issued by Gordon under the

Gordon Pure Fur Law

The Gordon Fur Book is full of pictures and prices and facts you will be glad to know. We tell you, too, how to get Gordon Furs of a dealer right here in town.

A dealer that sells them because he likes to sell the kind of merchandise he knows about.

That Fur book will cost you one whole postal card with your name on it.
